CHICAGO

October 25, 1938

Mr. Fred L. Black
The Ford Motor Company
Engineering Laboratory
Dearborn, Michigan

Dear Mr. Black,

Your Mr. Hagelthorn writes me that the halftones you used for illustrations in your articles in the Dearborn Independent have been destroyed. If you cannot find the photostats from which they were made, will you give me permission to make my own plates from the illustrations?

Sincerely yours,

Otto Eisenschiml
