Hon. Henry Ford,
Dearborn, Michigan.

My Dear Sir:

I note by the Associated Press that you are interes - ted in obtaining information on Lincoln's Death.

I wish to state that I have the most complete details of it t that I have seen or read. I will give you a brief sketch of what I have.

"About the years of I906 and I907 I had a correspondent in Old Mexico, a Mr. Edward Levan, who during the civil war was in the South. He claims that he roomed with Booth, who finally revealed the real truth of the Assassination to him , and the statements of his neice Blanch Booth, of Minneapolis, Minnesota, and Huston Booth of Galesburgh, Illinois, go to prove that Mr. Leven was correct. I had the article copyrighted the 3d day of August, I907. I have a duplicate Certificate in my office, and you will find it on Record at Washington. I was going to syndicate it and have it published ~~at Washington~~ in a number of large papers but could not get any of them to accept it. One paper in Texas w rote back saying it was a fake. I sent this letter to Levan who wrote back a hot letter s stating that it was the truth, and he could produce Booth if neces sary to prove his statement.

Since then I have naturally been interested and have kept all the clippings I have been regarding the matter and I think it would make an interesting series of articles.

I would be pleased to hear from you. I am,

Very respectfully,

Frank Brady
