Dear Mr Reed:

Thank you very much for your letter of March 10th. Hold the copies of the Booth articles that you have until I get the first two as you may want to refer to the others then. Dr Clarence True Wilson has been getting out this Booth book since 1920 and thus far has not been able to get a reputable publisher to sponsor it. He has tried often enough.

I don't know just where the body of old man George is at present. Mrs Bates was making an effort to sell it a couple years ago.

I have gathered a small amount of additional material since the articles were published and quite seriously thought of putting it in book form. Another Methodist preacher in Philadelphia had a public debate with Dr Wilson over the Booth question a couple years ago. I furnished the former with all my facts and understand that Dr Wilson was quite badly beaten in the argument.

If you ever get in or near Detroit, look me up. I am quite easy to find - Ford Motor Company, main office.

Very truly yours
