Dr Louis A Warren, Director
Lincoln National Life Foundation
Fort Wayne Indiana

Dear Doctor Warren:

Thanks tremendously for your kind letter of April 28th. Naturally it pleases me to have you use my material in Lincoln Lore #420.

The Eisenschiml book seems to have aroused a lot of interest in the assassination. Douglas McMurtrie of Chicago has written for permission to reprint on book form the entire series of articles as they appeared in the Dearborn Independent. Do you know anything about him? My only knowledge is that he is a typographer and has done considerable research in the history of printing. If the articles are reprinted, I would like to expand them a little and include all the references.

You certainly have the entire story on the burials of Booth. You may receive a number of interesting letters in attempts to refute the statements. If you do, I would like to see them.

Sincerely yours,

FLB BLACK
