May 15, 1934

Dear Mr. Black:

Thanks for your letter which did not have the photostat of Finis Bates handwriting. Will you please have it sent?

Otto and I shall certainly call on you at the fair and when you get things going smoothly enough to leave of an evening, he will be delighted to have you for dinner + to show you his collection and outline how far he has gone along the trail. Otto in his library is far more interesting than away from it and I know you will enjoy such an evening.

Sincerely yours
F H Sweet
