Harper & Brothers letter -- Why was not entire letter reprinted? What were the facts mentioned in Mr Bates' letter? It would seem that Mr Alsen was merely being polite.

The climax in the shape of voluntary letter from U S War Dept in the first place is not a letter from the War Dept but from one of the clerks and does not say there is no evidence to show that Booth was captured.

Mr Simonton had access to only the records in Adjutant General's office and not those in the Surgeon General's or Navy Dept offices. Also the statement that the body was not identified does not agree with that of Judge Bingham, Surgeon General Barnes and Dr Porter, all of whom identified the body with others of a committee.

Refer Columbian Magazine, April 1911 - Dr Porter's articles - Pages 64-73 about party on board at Tattoo J.W.B. Page 69.
