April
24th
1925

Mrs Madge D Bates
1234 Harbert Avenue
Memphis Tenn

Dear Madam:

With reference to your letter of April 20th, just what would you expect an X-ray of David George's leg and neck to show and which leg would you X-ray, the right or left? As you know, all those who claimed that it is the body of Booth state that the right leg was broken while, as you possibly know, it was Booth's left. The last we heard of the body it was in your garage. Where is it now? We understand that it is still for sale.

Very truly yours
