Dear Dr Lamb:

Thanks very much for your kind letter of March 26th.

Would it be possible for us to obtain a copy of the history of the Medical Museum which you prepared? If so, how can we go about it to procure it? I spent a very interesting afternoon in the Medical Museum about four years ago and was shown by one of the gentlemen there the jar containing the two sections of vertebrae from Booth's neck.

With best wishes, we are

Very truly yours

Sorry to say that of the complete history, only a limited number was multigraphed. I send by seperate mail a condensed history, read before the Medical Society of Washington, and printed in the Washington Medical Annals. This does not contain the statement in regard to President Lincoln that I mentioned.
