Mr. F. L. Black,
Dearborn, Mich.

My dear Mr. Black:

I am charmed with the February 6th number of the Independent. It is a wonderful number. Today I sent $1.00 to the company to send me the amount in copies of the Independent.

What a wonderful week we will have all over the North. I hope the day will come when the South will not be adverse to making February 12, a national holiday.

Yours very cordially,

Joseph Benjamin Oakleaf.
