Gentlemen: Enclosed please find check for $1.50 renewal subscription for another year from May 16/25. I wish you could induce the N.Y. Post office to deliver your paper when received, as I usually get it the following week after publication. Last December I received one copy during the month, the others, I believe, going into the waste bag.

I was very much interested in your Booth articles as I attended the trial of the conspirators on several days.

Yours truly,
Geo. R. Byington
