Dear Mr. Black:

I hasten to acknowledge your letter of May third.

My friend, William G. Shepherd, told me about your Lincoln-Booth book, and I asked him to wire you to send the manuscript as soon as it was ready.

Let me thank you for the additional details in your letter. I can assure you of our genuine interest in what you have written, and we shall look forward to the possibility of publishing it in bookform with much anticipation.

Sincerely yours,

William H Briggs
