Dear Mr Chambers:

With reference to your letter of April 17th, I have not as yet arranged for publication of the Lincoln Assassination articles in book form.

Charles Finger is very anxious to write an introduction and I have asked Paul Honore for three or four two-color wood blocks. He is making up one of Lincoln's death mask for the frontispiece. I am preparing the other chapters about which I told you in my letter of April 15th. Mr Cameron, our Editor, has read over the first of these dealing with the Booth family and desires to use it in the Dearborn Independent.

Very truly yours
