Gents:

Kindly allow me to notice, stories pertaining the "Booth-Armstrong" Resemblance, from late "Independent." Will say that Facts notwithstanding, that if Pictures given are true, it would be impossible for "Booth" to have his neck stretched to compare with that of that of "Dr. Armstrong", and yet preach for years after.—although it should have been. So that should be sufficient alibi even for a preacher.

Yours etc.
Ark O. Ogstead
