Eisenschimd Correspondence
Mar 22, 193-

" pamphlet in existence of a speech made by Usher, one of Lincoln's cabinet members, in the late 80's. In this pamphlet Mr - Usher relates that he visited Seward shortly after the assn + that Seward told him that this thing would never have happened if Seward had not been incapacitated - intimating that he had distinct information that something was threatening

" Another rare pamphlet I found say + positively that Judge Advocate Holt knew at the time of the conspiracy

trial that some of his star witnesses were professional perjurers."
