September 24, 1926

My dear sir:

The man who is mostinterested in the Booth matter, and who is convinced, as I am, of the untruth of the current soty of Booth's escape, is F.L.Black of the Dearborn Independent, Dearborn, Mich. If I were you I would write him about it. Tell him if you like that I suggested him. I write much for that publication.

Cordially yours,

William R. Barton
