Dear Mr. Black,

Thanks very much for your letter of August 16.

If I should ever be able to check up on your interviews with the various people at Granberry and Glen Rose Mills with the affidavits in the possession of Judge Wilkerson of Kansas City, it would make most interesting reading. Is there any chance of having someone dig out the original records back in Michigan?

Thanks very much for your interest and for your inspiration.

Sincerely yours,

Otto Eisenschimmel
